

2006 FESTIVAL FEEDBACK

"Please can you pass our grateful thanks on to the rest of the organising committee who arranged such a wonderful weekend of entertainment at Oldbury Wells School for the 1st (of hopefully many!) children's festivals. My husband and I attended with our two daughters (6 and 3) today, Sunday, with some friends, and we all had an absolutely wonderful time. How lovely it was to enjoy the sunshine in a safe and friendly atmosphere, without spending extortionate amounts of money keeping the children entertained. I was unable to offer any help myself for this year's Festival as I had prior commitments so would love to get involved with next year's festival, if I can help out at all.

You should all feel very proud of a fantastic achievement. Thank you so much for making our weekend!" - Mrs S.P., Bridgnorth

"Just to let you know that we thought the first Children's Festival was extremely well organised and planned and was a resounding success. My wife and I with our two children aged 7 and 4 visited the venue on both days and we thoroughly enjoyed everything on offer. The facilities were superb and we spent several hours soaking up the wonderful atmosphere. The activities were first class and everyone was extremely friendly and helpful ensuring that all went smoothly. We would like to congratulate all involved for making it such fun. We hope it will be able to take place again next year. We worked out that over 13 of our son's Class from Year 2 at St John's were there so that was fantastic. Again, many congratulations for a lovely weekend. Where else could you take your children for such fun, allowing them to do everything they wanted without spending a fortune? We would be interested in being volunteers next year..... Well done. - Mr & Mrs M, Bridgnorth

"The organisation and activities were great. We came up from Kidderminster on both days - we don't have anything like this available - so even though we had to travel it was well worth it. Thank you."

"My son was with us for the weekend and took his children to the Festival on Sunday afternoon for over 4 hours and spent under £10. He said it was the best £10 he'd spent in ages!" - Bridgnorth resident

.... making more memories

Please can you pass on our thanks to the organizing committee for a great event. My sons (3 and 1) were staying with their grandparents for the day; they visited the Festival on Saturday afternoon and had a wonderful time so much so that they returned again on the Sunday with my husband for more fun and activities. My older son has been talking about it ever since. Thanks for making some great memories for my children! Mrs LM, Newport, Shropshire

Hi, just wanted to say that we visited the Festival on Sunday with an open mind, and plans to only spend an hour or so there. We ended up spending 8 hours enjoying atmosphere, discos, various events and children's activities. What's more, we did not need to spend a fortune. Our two children (5 & 3), both thoroughly enjoyed themselves painting, dancing, and using energy up on the bouncy castles. They were certainly sad to leave asking if they could again the next day!! We only hope that the event has been deemed a success by the organising committee (despite clashing with the Music Festival) and that despite the obvious hard work that went into making sure it ran as well as it did, you are considering holding a similar even in 2007. We know that you are looking for volunteers and will be happy to help out, whether taking part in the Bridgnorth Walk or manning a stall. Please bear in mind that we want to visit the activities as well as help out to see the smiles on our kids' faces!! Accordingly please place our names on your list for next year and don't hesitate to contact us nearer the time. With thanks and best wishes – Mr & Mrs W, Bridgnorth
